Mark,

Quick question...is the typical ORV use pattern that they drive on the hard sand flat when the tide is out and upper beach when tide is in?

Lori,

You will need to touch base with our Deputy Superintendent, Mark Hardgrove, on this one. He had been working with his division chiefs on staffing for the Interim Plan. Can you call him at 1:30 today, 252-473-2111 x151?

Mary

PM EST

Hi Mary,

Just wondering if you have some free time tomorrow around 11:30 (or any time after that) to talk about park management and ops? Before the end of the day I need to get a handle on your current staffing and costs and what would be required under the different alts. Let me know when is a good time to talk and we can hammer it out.

Thanks!  
Lori
