**Subject:** For the Admin Record

Good morning.

Please note this email I received this morning from Marcia Lyons at CAHA and add it to the admin record.

Thank you,

Richard

**Subject:** Re: Wilson's Plover

sorry - I am way behind in reading e-mail  
 Accurate on what I know about Wilson's here at CAHA. There was also a breeding pair at Cape Point in 1995 - I did not document it in a report - this is just from my head - no nest was searched for but pair held territory all season and was not seen in subsequent years

Subject: Wilson's Plover

Marcia,

We are all scrambling to get Wilson's Plover and Red Knot into the EA. Can you please give the attached Affected Environment write-up for WIPL a quick going over? I will have one written for the knots later on today.

Also, can you send this on to Sue Cameron or her comments? I do not have an email address for Sue Cameron.

Thank you very much,

Richard
