Lori,

During our field visit to CALO on 10/11/05 Jeff Cordes told me, ***“There have been 10 named hurricanes on the Outer Banks between 1993 and 2005.”***

During our fly over of CAHA on 9/4/05 our pilot Bob Trick told Spence Smith and me, ***“most of Cape Hatteras National Seashore significant dune creation projects have been carried out beginning the 1930’s, which may be impacting the ability of Cape Hatteras National Seashore to support piping plovers.”***

Sincerely,

Richard Podolsky

Thanks. Could you jot down what you talked about and recreate some meeting notes out of it. We need something to put in the record.

Thanks.

The Trick pers com was during discussions while he flew us around CAHA during the last day of CAHA scoping.  
The pers com with Cordes was during discussions while he drove us around CALO during the last day of CALO scoping.

I will fax you the cover of Hayman and Prater soon.

Hi Richard,

Your list was very helpful, I am so glad so much of this is on line! A few quick things...

For you 10/11/05 personal communication with J Cordes at CALO and you 9/4/05 communications with Harrison and Trick at CAHA, I need records of those communications. It can be an email, meeting notes, field notes, etc. Just something to put in the admin.

For the Hayman and Prater record in your library, would it be possible to copy the cover and title pages and fax that our way? That should be good enough for the admin.

That should really do it this time!

Thanks!  
Lori
