SoundScapes

Do have protocol they use
details not firm~~ed~~ up

CAHA 12/14

Steps
① Natural ambient level → Sound, &
no human caused sounds.

② also looking at doing a modeling
exercise for alts, put scenarios

Do not come up w/ strict thresholds,
thresholds on case by case basis.
would have to see.

would be quantitative when data is
available. for each of 5 indicators
would come up w/ #'s.
