Dr. Buckley,

I apologize for the delay in responding to your request for comments on your draft report. Park resources management staff have reviewed the report, and while we do not have any specific comments on the report's content, we found your findings to be useful and consistent with our understanding of the complexities associated with shorebird management. The recommendations provided will be helpful to our shorebird management program. I appreciate your interest in helping the National Park Service appropriately manage visitor use and protect park resources.

Hello Mike:

Attached please find my DRAFT report following my visit last week to the park.

As I told Darryl, Thayer, et al. last week, please do regard it as a draft. Comment on it (using TRK CHG in WORD if possible) and I will endeavor to incorporate all suggestions for change.

Sorry to have missed you last week at the park.

Cheers,  
Paul

Dr. P.A. Buckley
