Subject: RE: Follow-up on issue of concern
Date: 05/21/2008 08:33 AM

Warren,

As the Designated Federal Officer, it is my responsibility to address the concern regarding the allegation about the Tourism Board. I was under the impression that the matter had been resolved between the individuals involved in the verbal exchange and apologize for the lack of a response. I will provide you with a response before the June meeting.

Mike Murray
Superintendent
Cape Hatteras NS/ Wright Brothers NMem/ Ft. Raleigh NHS

Subject RE: Information for Thursday's call

Patrick,

Why Jason? Is he on the Agenda Committee? If he is on the Agenda Committee when was he placed on the Agenda Committee? I understand that our operating policy has been to allow the alternate if the principle is not available or if the alternate is on the committee, than the principle to sit in the meeting for one or the other. Jason is not the alternate for Destry. Why then are you ccing Jason, and why would Jason be on the call.

By the way, I have yet to here a response to my request about the issue of accusing the Dare County Tourism Board of extortion. Do I need to handle this with the legal system?

Please correct me if I am wrong; please explain the making up of rules on

the fly if I am not wrong.

By the way, I have yet to here a response to my request about the issue of accusing the Dare County Tourism Board of extortion. Do I need to handle this with the legal system?

Thank you,

Warren

Subject: Information for Thursday's call

ALL

Just a reminder we are set for an agenda planning call on this Thursday, May 22, 1 :00 PM eastern.

1-866-834-8757 and the code is: 105-210-1042#

I am ccing Jason Rylander just in case Destry can't make the call and Jason can.

I am attaching a draft memo NPS could send to the Committee providing some direction for preparation should you all decide this is the right direction in our call. Second, I am attaching the action items from the last meeting. Third, listed below, are possible agenda topics.

- Questions and discussion with natural resource scientists regarding migratory bird, piping plovers, oystercatchers, and turtles (Mike will say more about this in our call).
- Finish mapping, to the extent possible designated routes, areas, and pedestrian areas
- Discuss Village closure issues and options
- Begin to discuss carrying capacity based on NPS's current thinking (to be shared in a short memo by early June)
- Updates on Commercial Fishing access and other updates on action items
- Report on Economic Subcommittee
- Lay out work for summer between June and September meeting
- Other?

We're also working on a Committee workplan table from her until at least January 09 that will try and get to you for review soon as well.

Talk to you on Thursday.

PAT (ROBERT and ONA)
