Cyndy -

I understand that individual's concern and was struck by the thought myself. That area is never open to driving, and I only mapped the soundside that is accessible by vehicles. I guess that needs to be put in a disclaimer somewhere. Can you put it in the access report? I could map the whole soundside, but it would be very labor intensive, and I think its unnecessary overkill. It's an access map, not a closure map. If any areas on the soundside that are currently open to ORVs do become inaccessible to vehicles, I will color code them, as has been done on the soundside near Hatteras Inlet.

Guess we need to color-code the soundside closures as well?
Is that possible Abra?

SubjectFrom NPS.gov: Soundside
closure

Email submitted from: /caha/contacts.htm

Looking at your google map of beach closures (May 31 2008). You have left out the closure on the soundside along Hwy 12 between Frisco and Hatteras. Mike
