Mike,

1. South of Ramp 38 to the current safety closure just North of Buxton.
2. Between Ramp 30 and 34. Approximate half-way area.
3. Ramp 43 to Cape Point.
4. South of Ramp 55 (starting near the second "connector" road with Pole Road) to Inlet. Both sides if the Inlet.

This time of year (September through November) waters are in a transition period between summer fishing and the fall season. Areas listed above are very popular for drum.
