Bob,

I received all four of your emails; regarding turtle closures, access mileage and pedestrian only beaches.

If these are comments that are suppose to be forwarded to the appropriate subcommittee members, I would ask that you resend them to the appropriate people. If these are just general comments that you want Mike Murray to see, I will print them out and save for his return to the park. He is leave with his family until August 25th. I have copied Darrell Echols on this email as Darrell is Acting Superintendent while Mike is away.

I, too, am taking some time off in the next two weeks. Summer is almost gone and I'm going to enjoy a few swims and walks on the beach.
Take care,

Cyndy M. Holda

Subject Turtle Closures

Mike Murray: At the Sept. Neg.Reg. meeting please provide your best estimate as to the location of those sea turtle nests which will require full beach closure after the Sept.15 CD deadline. Also indicate those portions of recreational beach which will become inaccessible to the

0021870

public by virtue of these closures. Please indicate what locations will have some ORV by-pass arrangement, if any . Thanks : Bob
