Carol,

The Final EIS for Bonner Bridge construction has been issued by NCDOT. Though not directly related to ORV management, some of the economic impact analysis may be of interest to you (e.g., they have estimates for economic impacts if a beach closes NC Hwy 12 for 3 months). Can find economic information in section 3.1.7 of Chapter 3, Affected Environment; and in section 4.1.5 of Chapter 4, Environmental Consequences.
