Subject: CAHA ORV fee update

Hi Jane and Lee,

At the most recent negotiated rulemaking committee meeting last week, the Committee reached consensus conceptually about having a basic ORV permit, without having some other kind of pass/entrance fee for non-ORV users. The decision was based on local opposition to charging an entrance fee for non-ORV users. We still have some details about the ORV permit to work out, but this approach simplifies the policy and operational issues that would have arisen had the Committee recommended a combination permit/pass approach. Will let you know if the status changes.

Thanks again for your help,

Mike Murray
