RE: CAHA Fishing Tournament Data

Steve Thompson called Doug Wetmore in response to a request for 2006 fishing tournament information. Steve said that the fishing tournament data was the same in 2006 as it was for 2007. There were the same number of tournaments (9) and the dates and participant limits were the same for both years. Steve also indicated that a new tournament was started in 2008 called the "Salt Water Grill". It was held on 9/28/2008 on Bodie Island and was set at 120 participants. Steve said that the park did not usually count the number of attendees at these tournaments, but did set a limit through the special permit process. Steve provided the dates for the 2008 tournaments which were left blank on the spreadsheet provided by Beau Brehm on December 19, 2008. The FFFF tournament took place on 11/02/2008, the Red Drum tournament was on 10/22/08, and the Outer Banks Angler tournament was held on 12/5/08. Doug sent the draft table to Steve who reviewed and corrected it and return a revised spreadsheet for input into Chapter 3 of the EIS.
