Mike,

I have physically inspected each site to double check requirements for accurate instillation of Inductive loop counters. They all check out and I have passed the approved location proposal with updated on-site photos for additional direction to John Wescott. If you need anything else please let me know.

Based on Butch's response, I'm comfortable moving ahead with installation. Please proceed.

Thanks,

Mike Murray

Proposal 

Mike,

0022708

These locations are look great to me. I didn't realize you had this many ramps off HWY 12 that we could use. Once they get installed, we can discuss our next steps.

and yes, the Inauguration counts almost killed me.

Thanks
