Hi Doug,

Yes, these numbers are correct. Currently we conduct complete coast-wide surveys every 3 years, so 2007 was our last complete survey and the next is scheduled for 2010.

Hi Sue.

Could you verify if the following information is consistent with your database? Also, was a 2008 CWB survey done?

Thanks.

There is not public access to the database, but if you have specific questions, I'd be happy to try to answer them or get you the data you need. Just let me know.

Hi Sue.

Is there public access to the CWB database? I'm trying to verify some data for the Cape Hatteras EIS.

Thanks.
