SubjectTurtle Info for EIS chapter 3

Hi Britta.

I've gotten a request from our Marine Scientist to receive a break down of the number of nests by species (loggerhead, green, and leatherback) from 2000 to 2005. He's working on addressing the Park's comments on Chapter 3 and needs that information to complete the edits.

I apologize if this information has been sent already, but I couldn't find that it had.

Thanks again.

~Doug
