They shouldn't be closing any beaches at all. This is a recreational sea shore. This is a place where people are supposed to be able to interact with nature. It is the whole point of this island. I'm so sick of you people trying to run us out of here. It is not OK what you are doing to the lives of the people that live on Hatteras Island.

The economy is bad enough, and now you want to close the beaches and spend our tax dollars to do it. I'm over it. My rights as a citizen of the United States are being taken from me and im having to pay for it on top of everything else with the money the government steals from me when I make my honest living. It is not fair and should not be allowed. One day this will all come back to the people that have done this to us and I hope it causes you great pain!
