Jim,

The ranger staff has been working over the winter on organizing a Beach Watch program and we would certainly be interested in volunteer assistance. I've forwarded your message to Paul Stevens and asked him for an update on the status of the program.

Subject Expansions of prenesting closures

Mike

Again there is a lot of discontent and conversation concerning violations and subsequent punitive punishments of the general public; who may be responsible, their reasons, is it random or carefully planned and considered. Mistrust revolving around this issue could manifest into problems way beyond anything we have witnessed thus far.

Would you be willing to make an attempt to organize a beach watch with the access

groups and the environmental groups equally involved?

Jim Keene
