Andrew,

I believe NCWRC intended to submit this for inclusion as an addendum in the final committee report (I had talked to Gordon Myers this morning and he indicated that is what they would do).

Subject night driving recommendations

Mike,

Attached is a set of recommendations from WRC regarding night driving and resource management issues. I had a brief conversation with Pete Benjamin this morning and we agreed to send separate packages in hopes that would provide the broadest framework for guidance as you evaluate these complex issues.

Please contact me if you have any questions.

Thanks.
