Hi Carol,
When we first collected the commercial fisherman information in November, I was filling in part time in the Chief Ranger's office. I have since returned to my normal job and don't currently have the updated list of the commercial fishermen. I would be happy to poll the park locations and get the information together for you but it may take a few days. I am off tomorrow and Thursday and will compile the information when I get back. I'll try to get it to you next week, if that would be okay.

Hi Terry,
I was wondering if you had an updated list of 2009 commercial fishermen? We finally got OMB approval to survey local businesses, and we need to include commercial fishermen.

Thank you and let me know if you have any questions,
Carol

Hi Carol,
No problem, glad to do it. Attached is the Excel spreadsheet with 2008 Commercial Fishing Permit logs, again for the 3 locations - Manteo, Buxton, and Ocracoke. It looks like some of these fishermen didn't get their permits until after the first of the year, so we may have more for the 2009 list later.

Let me know if you have any questions about this one. I'll be off for a couple of days around Thanksgiving, so if you need additional information, I'd be happy to get it together next week.

Hope you have a nice Thanksgiving holiday.
