---

Carol,

I don't know if this would be of use to you or not. ECU was commissioned to conduct a survey of Dare County residents and property owners. Survey includes economic questions, as well as at least one question about "beach driving policies." Go to the Outer Banks Chamber of Commerce website ("2009 Property Owners Survey") to see a PDF of a recent presentation on the survey. I understand that ECU may publish the data from the survey at some point. If anything looks useful to you, perhaps you could contact the researcher directly to see what data he is willing to provide you in advance of publication.
