Mike,
I thought you should be made aware of this.

More good news!

They ran off everyone on beach at Ramp 27 today. NOW CLOSED. So 23 and 27 are both CLOSED. Sonovabich. I've had 2 sets of guests leave today, citing the beach closure as their reason for leaving. And I quote, "We drive down here year after year to enjoy the beach with our family. Last year we were run off the beach in Hatteras. This year we come down here (St. Clair Landing Campground) to camp so that we can get on the beach at 23, just to find out that ramp is closed. Okay, so we decide we'll go squeeze in at Ramp 27. Today they ran us and everyone else off of there as well. We will definitely NOT be making another 16 hour drive to come to the beach to be run off one more year!"

Don't know who you can forward this to, but it should probably be added to the long list of visitor complaints being received regarding beach closure!
