Cyndy,

I don't usually forward these to you anymore, but this one came in from Ryan Dawson. He is the gentleman who posted all of the YouTube videos likening the NPS to the Nazi's and Communist. Not sure if you need this one, but wanted to let someone know.

Exactly how can you write Support Your Park on the NPS website? It's not our park any more. It now belongs to the birds and a special interest group. We aren't even allowed in our own park any more until you communists say it's OK, but only secondary to the needs of the birds. It's not really a Park at all anymore, it's a wild life refuge.

How do you sleep at night that is my question.

I'll be in DC Wednesday to overturn your assinine judicial desision which was based on an executive order neither of which have the power to create new lesgislation. Not onlly are the beaches being re-opened. You Jerks are getting sued.
