At the moment it sounds like Dare Co will maintain existing parking at the site if/when they assume responsibility from USCG, regardless of which ORV alternative we pick. Okay with me to delete the reference to it, so no need to map it. Don't see it as an action related to the ORV plan.

RE: Alt F Map attached

I just noticed that the following under alternative E wasn't mapped.  
Should it be?

. NPS or Dare County to establish new ORV ramp and parking at  
old Coast Guard Station site. (taken from the R&A table in the  
"Buxton village beach to .4 mile N of ramp 43" row)

Any thoughts?

Hi Cyndy,

I believe we're on the right track with this now. Mike had some add'l info on maps in his  
comments on CH 1 and CH 2 that was helpful. Thanks.

Sandy

RE: Alt F Map attached(Document  
link: Sandra Hamilton)

Hello Doug,  
Mike indicates he can understand the confusion but it is mentioned in the soundside access  
Alt F Ocracoke Table 2 (he thinks it is Table 2), commonly referred to as the Matrix....the  
ORV Management elements.

Does that make sense to you? Mike is en route to Norfolk Airport and I'm relaying for him.  
He says he sent this new version in his comments to Lori Fox as well so you might want to  
check with her.

I am taking afternoons off this week.....trying to use up some "use or lose" leave. If you  
guys need me, try my cell phone # or catch me in the mornings.  
Have a good week.

RE: Alt F Map attached

I understand what Mike wants to add, but this new interdunal road isn't mentioned anywhere in the Chapter 2 tables. Please advise.

Thanks.
