Jon

In reference to the "Bone Road" see my comments in the attachment, as to the question about the bait pond I am not that familiar with the terrain there so I do not think I can give an educated comment.

David,

We had a conference call yesterday on the draft ORV rule. One item that came up was the fact that we do not know of a Bone Road. If you look on the alternative maps, Bone Road is listed south of Ramp 55. I'm thinking someone may have confused this with the Pole Road. Please check it out and advise Jon Anglin of your thoughts on the issue. Also, a question came up about the Bait Pond and if we want to use that as a demarcation line for ORV management. I would also like your thoughts on this item. Jon and Mike Murray will be working on cleaning up the soundside accesses in order to give it to the contractor by late next week. I'll be on leave so just send your comments to Jon and copy Mike Murray.

Thanks,

Paul K. Stevens
