

From: [Jon Jarvis](#)
To: [Mike Murray](#); [Dan Wenk](#); [Maureen Foster](#)
Subject: Extension requests
Date: 05/09/2010 02:10 PM

Mike and Maureen: I have recieved about 20 of these and am forwarding them. I would like to develop a response, assuming that an extension is not in the cards due to the court ordered timeline. Please work with Maureen on the language that we can send back to each of these inquiries.

Thanks

Jonathan B. Jarvis, Director
National Park Service

05/09/2010 11:00 AM Subject comment extension

Mr. Jarvis,

Many people that wish to comment on beach access have not yet had the chance and will not have the chance by May 11. Could we please have an extension so everyone can voice their opinion on this major issue?

Thank You,
Ben Hesse

05/09/2010 08:03 AM Subject Extension for Cape Hatteras

Dear Director Jarvis,

I am writing to ask for an extension for the Public Comment period on

0026158

the DEIS for Cape Hatteras National Seashore. I feel that the time given to process the massive document that is the DEIS was too short. In my business, Frisco Rod and Gun, there are customers who are just finding out about the plan and do not have time to comment. Please give the people of the United States more time to make their voices heard on a plan that will affect how they will enjoy the treasure that Cape Hatteras is to them.

Thank you for your consideration of this matter. I know the Park Service is interested in hearing all the people's comments that this plan affects.

Seashore

Dear Mr. Jarvis,
I am asking you for and extension on the proposed 810 page document for Cape Hatteras National Seashore.
As a 30 year resident of this island, We need more time to study this long document. It took years to write it so give us a little more time to read it.
I own and operate two seafood markets here on Hatteras Island.
thank you.

05/09/2010 08:28 AM Subject DEIS Extension Request

Dear Mr. Jarvis,

Living in Frisco, NC is wonderful. Most of us have one to three jobs here on the Island which leaves little time to read the 800 page Draft Environmental Impact Study. I am requesting an extension so that I will have more time to read and further understand what the implications are for those who live and work here on Hatteras Island.

Please consider the extension requests and grant us more time to understand and comment on this very important document!

Thanks.

Subject EXTENSION OF COMMENT PERIOD FOR DEIS

I am a resident of Frisco, NC and request that you grant a thirty day extension to the Cape Hatteras National Seashore and Recreational Area DEIS. It is essentially impossible for the average layman to assimilate any meaningful comments on such a massive document in the time allowed. We here on Hatteras and Ocracoke Islands have already experienced significant economical impacts from the court order and will experience even more impacts from the proposed plan. I, along with many other residents and nonresidents, simply cannot put together meaningful comments in the time allowed.

Thank you for your consideration

Subject Extension DEIS proposal Hatteras Island

Dear Mr. Jarvis,

As a homeowner in Frisco, NC, I am asking that you please grant a 30 day extension on the DEIS proposed for Cape Hatteras National Seashore Recreational Area. This document is 810 pages long which took your agency many years to formulate and eventually write. The document became available on March 5, 2010 and only provided 60 days for people to comment on it. This is a very important document for the residents and homeowners of Hatteras Island with far reaching implications for our future. We are not a community of lawyers and this is difficult for

us to read and digest. In order to comment appropriately, we need more time.

A previous request for an extension was denied from your Atlanta office. Please understand that there were no workshops or interactions provided by the office of our local superintendent, Mike Murray. He traveled to 5 locations around the region to hear public comments only. I feel that given the importance and size of the DEIS, the Park Service needed to do more to educate the residents on the many subjects covered within this document. For these reason, I am personally requesting an extension.

Subject 30 day extension needed for Hatteras Island

Dear Mr. Jarvis,

I am forwarding a letter that was sent to your email account by a friend & neighbor on

Hatteras Island. It is a good letter & I cannot improve on it. However, I would like to add my own comments as well. My family has lived on Hatteras for 8 generations.....the European parts, that is. Before that, our ancestors, the Hattorask Indians, were here for hundreds if not more years. My grandfather and many of my other relatives welcomed the National Park Service here. Our families all lost land in the process for the greater good to establish Cape Hatteras National Seashore, a jewel in the NPS crown. Nearly everyone who is a resident here or a seasonal visitor is a naturalist and a nature lover. The resident population are the park's greatest supporters. We don't always agree with regulations....but that's another matter.

We would appreciate your granting a 30 day extension on the DEIS proposed.....it's a huge amount of material and the decisions are too important to be rushed through. We are respectfully requesting an extension. Sincerely yours, Elizabeth (Burrus) Browning Fox
