Looks OK to me. I do have one question for Doug. In the introductory paragraph, it states that a Floodplains Statement of Findings will be attached. How about a Wetlands Statement of Findings?

Subject CAHA ROD outline

Mike, Mike, and Jason.

Please see the attached draft ROD outline for CAHA and provide any comments, particularly on the items proposed to be included and the order in which they are to be addressed. This draft includes all of the required elements and the optional elements of "purpose and need", "summary of public involvement", and "agency/tribal consultation". After your review, I will address your comments and forward the outline to the contractor so that they may begin work on drafting the ROD, excluding the highlighted items which will be addressed after our June 10/11 meetings.

Thanks, and please feel free to contact me with questions or comments.
