Mike,

Thank you for your quick response. I have taken your advise and have written Derb Carter with the request to be included in this very important opportunity and access to our Government officials.

Sincerely,

Warren

Warren,

Regional Director David Vela, at my suggestion, offered to meet separately with ORV/access and environmental/pedestrian stakeholders during a brief visit next week to the Outer Banks to tour park facilities and meet with NPS staff. I believed it would be beneficial for the Regional Director, who is the approving official for the final EIS, to hear first-hand the respective points of view regarding ORV management at the Seashore. Mr. Vela realizes it is an inconvenient trip for stakeholders to meet with him in Atlanta and is offering the stakeholder meeting opportunity here as a courtesy. I contacted John Couch and Derb Carter to let them know of the stakeholder meeting opportunity. It is up to the respective parties, not the NPS, to determine who attends their meeting with the Regional Director.

Subject: ORV/access stakeholders and environmental/pedestrian stakeholders regarding

Mike,

I have been extended an invitation to meet next week in Buxton with you and David Vela. I could not determine whether there are two meetings planned or just one. I certainly hope that if there are two meetings one with access stakeholders and one with environmental/pedestrian stakeholders that Dare County is invited to both meetings.

Dare County has always supported access for everyone and has been a strong supporter of pedestrian access and in my opinion there are no better environmentalists than the people and the county government of Dare County.

0026537

I do hope if you are planning two meetings that Dare County is invited to both.

Thank you and sincerely,

Warren
