---

Mike-

As of Monday afternoon, here are the totals by Island (not district):

Bodie Island-

0 fledged, 0 still surviving

Hatteras Island-

18 fledged, 5 still surviving

Ocracoke Island-

0 fledged, 2 still surviving, 1 two-egg nest still being incubated.

Green Island-

0 fledged, 3 still surviving as of 7/1 (possibly 2 more chicks that were not observed on last visit)

**Total=18 fledged, 10 still surviving-confirmed (plus potentially 2 more currently unconfirmed), 1 2-egg nest**

I will be going to Green Island on Tuesday morning so I may have better information for Green Island when I see you at 1:00 on Tuesday.

Subject Tuesday morning info request

Britta,

On Tuesday morning (July 6) would you please notify me of the up-to-date total # of AMOY chicks that have fledged (as of that morning). I am working on powerpoint presentation to brief the RD on the FEIS on Wed morning and want to include the most accurate latest total for

AMOY chicks fledged in 2010.

Thanks,

Mike Murray
