Subject: draft response 

Doug S. and Sandy,

Here is my proposed draft response to Jim Keene's inquiry regarding the status of TCPs. Please make suggestions for improvement. Any concerns/corrections regarding terminology or time frames?

(draft)

Jim,

NPS staff has started the application process for a Determination of Eligibility (DOE) to determine whether or not sites at the Seashore are eligible as traditional cultural properties. It is expected to take several months for the DOE to work its way through the process. We hope to have a decision on it sometime this fall.

(end of draft)

Subject: Re: Fw: TCP's 

Mike

The park has started the application (Determination of Eligibility) to nominate Cape Hatteras National Seashore on the National Register of Historic Places as a TCP. We plan on having a draft by the end of July.

Doug,

Please draft a brief response about whatever information we can provide Jim. Can discuss it if you prefer.

Thanks,

Subject RE: TCP's

Mike

Monday it will be a month since I asked for information concerning studies of the potential

TCPs identified in our earlier correspondence and meetings. It is unlike you to have not responded with at least an acknowledgement or progress report and to date I have received neither.

I would appreciate an update of any activities on this study whatever they may be.

Thank you.  
Jim Keene

Mike,

In your letter of March 3, 2010 you stated that an ethnographic analysis of the four locations in our discussions was being conducted. To date I have neither heard from those conducting the study nor have I heard from anyone in the community that has

0027136

been contacted.

I would very much appreciate an update on the status of this study.

Thank you,  
Jim Keene
