Mike,

To me this response is the same as Doug asked about for #2 below - "...something that is more appropriately addressed in the GMP."

Jon Anglin
Operations Chief
Division of Law Enforcement and Emergency Services
Outer Banks Group (Cape Hatteras, Wright Brothers, Fort Raleigh)

Jon,

Please draft a brief response to item #1 below. Send to me and I'll consolidate with responses to items # 2 and 3.

Thanks,

Mike Murray

Hi Mike.

Sandy and I thought it would be best if the park could respond to the following comments on the DEIS, or at least provide some discussion on how these elements have been considered.

Is #2 something that is more appropriately addressed in the GMP?

#3 was discussed on the conference call and it was recommended to be included in a list of plans that NPS will seek funding for. What list is being referred to? Is this something that should be added to table 8 which describes the alternatives?

Thanks.

1. MAYBE THERE IS A WAY TO SEPARATE THE SURF FISHERMAN FROM THE RECREATIONAL BEACH GOING ORV'S. POSSIBLY SOME BEACHGOERS SHOULD HAVE ACCESS TO NORTHERN BEACHES AWAY FROM THE POINTS AND SURF FISHERMAN ACCESS TO MORE SOUTHERN RAMPS AND THE POINTS. THIS COULD SEPERATE THE MORE WILDLIFE CONCIOUS FISHERMAN FROM THE TOURIST AND BEACH GOERS. IF POSSIBLE MAYBE A SEASON COULD BE DESIGNATED FOR FISHING ACCESS TO THE POINTS.

2. a Sound Side Public Beach needs to be put in place that is comparable to the Ocean Side Public Beach on Ocracoke. This will provide an alternative for Park Users when the Ocean Front Beach is less than desirable as to weather conditions (wind) and parts of the Ocean Beach is closed for environmental/habitat reason.

3. Specifically, NPS should be contemplating whether some sort of environmentally sensitive mass transit system could accomplish the objective of getting people efficiently on and off the beach while reducing the number of vehicles and vehicle trips.
