Geoff,  
NPS has been vigilant in documenting resource closure violations, including those that involve possible vandalism. After discussing these two incidents with our law enforcement staff, it was our opinion that neither incident met the consent decree criteria for an automatic buffer expansion.

Thanks Cyndy. Were these determined not to be deliberate acts of vandalism?

The buffers were not expanded in either instance.

Subject  
7/4  
Closure violations on 7/3 and

Cyndy,  
Looking over last week's resource report, I noticed two instances of fence vandalism (copied below). Were either of these buffers expanded?

Bodie District:  
7/4- Two signs were removed and one was broken at the bird closure 0.3 mi N of Ramp 23 (north of the village boundary). Two sets of footprints entered the closure approximately 15 ft then exited. The signs were replaced.

Hatteras District:  
7/3 - At 0600, while on turtle patrol, staff came across one broken sign and "Eggs (with an arrow pointing towards the nest) a good dozen" written in the sand. The sign was replaced and the area raked out at the nest, 1.3 mi S Ramp 34.

Thanks,  
Geoff
