	HIC03	6/10/2010	70	1		
Ocracoke	OIC01	6/17/2010	2			
	OIC02	6/18/2010	95		25	17
			424	1	26	31

We tried to minimize disturbance to the colonies this year and did not conduct weekly walk throughs like we did last year. Our attempts at documenting peak fledgling counts were highly variable and are not available for all sites. Estimates for peak hatching counts or peak fledgling counts will not appear in the 2010 annual report.
