---

Mike

Please clarify, Is there work in process and nothing to report or is there nothing in process to report?

Thanks  
Jim Keene

Jim,

There is nothing new to report yet.

RE: TCP's

Mike

Can anyone give me an update on the status of the TCP issue currently under consideration by NPS?

Jim Keene

Jim,

According to staff, the TCP issue is still under review by NPS. The process is expected to take several more months. We can contact you in a few months with an update if you wish.

Jim,

I apologize for the belated response. I'll check on the status and get back to you.

RE: TCP's

Mike

Monday it will be a month since I asked for information concerning studies of the potential TCPs identified in our earlier correspondence and meetings. It is unlike you to have not responded with at least an acknowledgement or progress report and to date I have received neither.

I would appreciate an update of any activities on this study whatever they may be.

Thank you.  
Jim Keene

Mike,

In your letter of March 3, 2010 you stated that an ethnographic analysis of the four locations in our discussions was being conducted. To date I have neither heard from those conducting the study nor have I heard from anyone in the community that has been contacted.

I would very much appreciate an update on the status of this study.

Thank you,  
Jim Keene
