David,
Participants should feel free to print them (with a color printer) from the park webpage as well. I've included the link directly to the Night time driving permit page. Print the permit, read, sign and place in the windshield of their vehicle.
And as Paul stated, tackle shops, visitor contact stations, the Outer Banks Visitor Bureau, even some of the local realty offices have a supply of the night driving permits.

As it has been for the last 10 years, fishing starts at 12:01 A.M. on October 21 until 4:00 P.M. October 23. Anglers can fish the entire time or any time the weather & tides suit their fancy. I'm sure Frank has 300 permits, I just did not want to use all the store's stock. The times are on the permit application & the permit.
