Well Day 2 is now passing

and I have had no phone calls from the NPS, no visits from them, there has been no additional 50 meters of Closure extended. There were no Road-Blocks set-up to catch me to or from work....

If I was doing anything wrong, I would have heard from them, at least a warning..
Nothing...

So all I can sumise, is that like I stated, what I did was perfectly LEGAL..And I knew
it all along, otherwise I would have never steped foot on the Beach..

It will be done again, and with more people.. The KAYAK ARMADA Trip to the
RIP, is in its planing stages.. I think it will be GRAND.. People using the Beach the
way it was meant to be used.. What a concept..

If the National Park Service THINKS they can have a PARK here without Comunity
buy in, and support, they have another thing commin. All I can say is they better
increase their Budget, because I and many will not give them a moments PEACE. All
Legal Like...

MANY MANY ways to make work for them.. And I've got nothing but Time..

No Comunity Support = No PARK.. Nothing that they can do about that.. Just like
My RIP TRIP, not a D@M thing they can do.. Or they would have all ready done it..
The all Knowing, knows NOTHING..
