Thanks Russ. I understand the timing concerns about the second meeting. Recall that meeting #1 Thursday is with the Sportfishermans association. The second meeting request was from the environmental groups. We are working to re-schedule that for this week. Will keep you posted.

Nathan,

Attached are tracked change and clean copies of the rule after responses to OMB and CEQ comment,s as well as a number of minor grammar and punctuation edits. I am concerned that the first of the meetings is not scheduled until June 30. I thought the plan was to meet this week.

Russ

National Seashore--Off-Road Vehicle
Management rule

Thanks Russ. CEQ is ok with the responses. Next step is to send me a final version of the rule in both tracked changes and clean form. I will review to make sure all the requested edits have been accommodated and will keep you posted on final clearance.
