Thanks for the recommendation Mike. It sounds reasonable to me as well. I am in the office today and will ask Claire to work with AJ to get the notice through. I will also be sure FWP is briefed.

Hi Director,
Thanks for your message. Mike, the one thing that comes to my mind would be any potential ramifications regarding the consent decree such as timeframes, outcomes, etc.

Have a great day.

Jon, George Cooper is a very reasonable person, and a leading voice in the recreational fishing community. You might consider giving him a call about

this. I know this has been a long row to hoe for NPS, but a short extension might be worth considering.

I'm pinging you guys to see if you can point me in the right direction regarding the pending Hatteras access rule. The comment deadline is Tuesday – trying to round up comments from our crowd has proven difficult thanks to Irene. Wondering if there has been any talk of a delay or if you have any suggestions on how to raise that as a logical possibility?

Thanks,

G
