Mr Superintendent: I know it has taken a long time, but thank you for finding a good balance regarding ORV use on Hatteras Island. As a recent retiree with two properties here, I am so appreciative of what NPS does to keep our island a good place to live for people and for wildlife. While everyone had to compromise (I was against ORVs in front of villages year round), you have struck a fair balance. Again, thank you for your leaderships and for the wonderful job of the NPS.
