Per this afternoon's discussion, here is how I would revise the following section:

Option 2a: ~~ORV and Driver Permit System with Fee~~

An ORV Special Use Permit (SUP) would be required for all off-road vehicle operators ~~and vehicles~~ using the beach. ~~regardless of time of day or time of year or location of use.~~ In this option, the ~~vehicle itself and any driver~~ [is identified](#) are both identifiable as being "permitted." The ~~vehicle would require some kind of sticker~~ ~~and the driver would also~~ be required to carry some kind of permit [\(e.g., a hang-tag\)](#) [that could be carried by the driver and displayed in whatever ORV s/he happens to be operating.](#)
