MR. TAYLOR

Thanks for your comments to the Committee. We will distribute these at the January 6 and 7th meeting.

The Committee is typically not able to respond to all the questions it may receive during public comment, in writing or verbally. However, the Committee is obligated to consider all public comments and to make sure that comments such as yours are included in the administrative record. Should some of the questions you raise be addressed by the Committee during the meeting, they will be reflected in the meeting summary.

Thank you again for taking the time to prepare questions and comments for the Committee.

Facilitator

Attached you will find a series of questions and comments that is addressed to NPS, FWS, and Committee members. Due the distance needed to be traveled, time constraints and work obligations, I am submitting this document to be read into the minutes of the next meeting. I wish that all answers and comments be addressed and answered in both writing to me and submission of said answers to be added to the minutes of the meeting with copies being given to each committee member I thank you for your time
