Gordon,

To follow up on our phone conversation yesterday, if you wish to submit a clarification of the WRC addendum to the Negotiated Rulemaking Committee final report, you could send me a letter to directly communicate the clarification for NPS consideration. NPS considers the Committee report to be final and we would not add the letter to the report or post it on the PEPC website with the report.

If you wish to copy Committee members with your clarification, here is their publicly available contact information:
